1 Introduction

Write your introduction here. This is a placeholder article to demonstrate how L^AT_EX files are rendered in the blog.

You can include mathematics inline, like $E = mc^2$, or in display mode:

$$\int_0^{\infty} e^{-x^2} dx = \frac{\sqrt{\pi}}{2}$$

2 Main Content

Add your content here. Sections, subsections, lists, and math all work as normal in L^AT_EX.

- First point
- Second point
- Third point

3 Conclusion

Concluding remarks.
